Exceptions- Any player selection exceptions made to the rules or process must be unanimously voted on and approved by the selection committee.

Nominations- Head Coaches are the only staff position that nominates players from their own team. Coaches are trusted to use their internal knowledge of their seniors to nominate the players in which they deem to be the most deserving of the recognition based off their performance on and off the field. Coaches are asked to help enhance their nominations which impacts the selection process by submitting all personal info, career and season stats, and accolades of the nominated players.

Nomination Rules- Each Head Coach is allowed to nominate any combination of three (3) total players from the offensive, defensive and athlete categories. Coaches can only nominate a 4th player if they are a Kicker or Punter. Coaches are not required to nominate the maximum allowed but have the opportunity to if they wish.

Selections- Committee is organized and meets 5+ hours to select 116 all-stars with equal measures, weighing in all considerations for each and every player as unbiased as the process can be.

Amended and approved on September 3, 2024
